

# JORDAN BLEVINS, M.A.

Professional Learning Coach

## BIOGRAPHY

***"I am passionate about this work because providing data-driven, intentional, comprehensive school counseling programs benefits ALL students. Closing achievement gaps, addressing the needs of our students, and working with other educational partners is such transformational work that each student deserves access to just because they breathe on our campuses. I truly believe school counselors are not only integral to student success but vital leaders in their schools, communities, and states."***

Jordan is a solo high school counselor at Pacific Law Academy in Stockton, California. Previously she was a K-4th counselor for 3 years, and then a 5th-8th grade counselor for 2 years, all at Hazelton Elementary in Stockton, California. Jordan led her school counseling team at Hazelton to develop and implement a comprehensive school counseling program based on the ASCA National Model 4th Edition and would go on to receive the Recognized ASCA Model Program (RAMP) School of Distinction designation in 2021. During her time at Hazelton, she also received the Stockton Unified School District School Counselor of the Year award in 2022. She is extremely passionate about serving her students as a school counselor through data-driven comprehensive programs.

Jordan is also very involved with the California Association of School Counselors (CASC). She was an emerging leader in 2021 and was elected to the Board of Directors in 2022. She is currently serving as the Vice-Chairperson of the Board, the Co-Chair of the Outreach and Engagement Committee, and a member of the Government Relations Committee. Advocating for and representing school counselors at the state level looms very large in Jordan's heart because, at the end of the day, it all goes back to our students having more access to the supports they need provided through a comprehensive school counseling program
